Wikipedia

Wikipedia is an online encyclopedia project. Its name is a mix of *wiki* and *encyclopedia*. *Wiki* is the Hawaiian word for **quick**, and encyclopedias are books with lots of facts or information. Wikipedia is a website with lots of information. It has got more than 30 million articles in 290 languages.

You can find information about almost **anything** in Wikipedia. It's a good place to start **research**. But the website says that it's not a good place to *finish* research. Why? Because **anyone** can change the website. Sometimes you can find **unreliable** information there.
