( \_\_\_\_ /5)

**E**xtracurricular activities are things you can do after school, like playing team sports, acting in a theatre production or playing a musical instrument in a band. In the US, in general sports are an extracurricular activity. Thirty-five percent of school children play a sport. Football, basketball, and track and field are really popular.

Students can join clubs to practise languages, maths or other academic subjects. These clubs can also organise cultural trips. Some students write for school newspapers or act in the school theatre. Extracurricular activities are a great way for students to try new things.

1. Extracurricular activities can be done during school classes.
2. Playing the drums is an extracurricular activity.
3. Most of the children play a sport.
4. Learning a language is a curricular and an extracurricular activity.
5. Some clubs organise cultural trips.
6. Acting or writing for a school newspaper are part of the students' classes.
