**Pocket Money**

One day, Daniel's mum was cooking lunch. He came up to her and said, "Mum, I need some extra pocket money. Can I do some chores around the house?"

His mum looked angry. "Danny, I prefer you to do chores because you want to help!" she said, "But I'll pay you to clean the car." So, Daniel washed the car. Next, he used the vacuum cleaner to clean the inside of the car.

The next day, Daniel asked Mum, "Are there any more chores I can do around the house?" "Hmm... You can mop the floor," Mum said. But first, Daniel took a broom and swept the floor.

Then he mopped the whole house. Mum was impressed and gave him some money.

One week later, Daniel gave Mum a box with a beautiful pen inside. "Happy birthday, Mum!" he said. Mum looked surprised. "But how did you pay for it?" she asked. "With some extra pocket money!" replied Danny, smiling.
